Poforonco	TP172 22 Nowtown to Wollington City - Proposed interim cycle and by slanes
Reference	TR173-22 Newtown to Wellington City – Proposed interim cycle and bus lanes and parking changes (Amended as per Planning and Environment Committee meeting September 15 <sup>th</sup> 2022)
Why we are proposing the change	<ul> <li>Wellington City Council are proposing interim improvements so it's safer, easier, and quicker for people to bus, bike, or scoot from Newtown to the city.</li> <li>In March 2022, Council approved all the primary and secondary routes for the Wellington Bike Network Plan, Paneke Poneke. The Newtown to city route was identified as a primary route in this network and was identified for early delivery.</li> <li>This is a key public transport route for the city, connecting Newtown to the city and beyond to the southern and eastern suburbs.</li> <li>This route is also one of the two priority urban growth areas for the city and can support significant new housing development. It has also been identified as the Mass Rapid Transport (MRT) route for Let's Get Wellington Moving.</li> </ul>
What we'd like to do	<ul> <li>a) Resolve the Riddiford Street and surrounding side streets section installed March 2022.</li> <li>Resolve the separated bike lane installed on Riddiford Street. Extending on the west side of Riddiford Street, between Mein Street and the John Street / Adelaide Road intersection and on the east side of Riddiford Street from Mein Street to the Hospital Carpark entrance.</li> <li>Removing 37 P60 parking spaces, three P10 parking spaces and three taxi stand parking spaces.</li> <li>Resolve the 24/7 north bound bus lane installed on the western side of Riddiford Street beginning 50m North of Mein Street and continuing to the John Street / Adelaide Road intersection.</li> <li>Resolve the ability for Buses and Cyclist only to continue straight from the left-hand lane from Riddiford Street to Adelaide Road.</li> <li>Resolve the alteration of 11 unrestricted parking spaces on the north side of Mein Street to P120 time restricted parking spaces.</li> <li>Resolve the alteration of six P60 parking spaces on the south side of Mein Street to P120 time restricted parking spaces.</li> <li>Resolve the alteration of 8 parking spaces on the south side of Mein Street to P10 pick up and drop off 8:30am-9am and 2:45pm -3:15pm Monday – Friday during school terms only, P120 at all other times.</li> <li>Resolve the alteration of two P5 spaces on the south side of Hall Street to P10 time restricted parking spaces.</li> <li>b) Adapt the current layout on Riddiford Street and surrounding streets based on feedback received to date.</li> <li>Install three P30 parking spaces on Riddiford Street outside Newtown School to cater for the proposed changes to the intersection of Riddiford Street at Mein Street and allow for a safe merge between cyclist and vehicles at the end of the separated cycle facility.</li> </ul>
	<ul> <li>Alter 3 parks on east side of Riddiford Street to P10 pick up and drop off 8:30am-9am and 2:45pm-3:15pm Monday – Friday during School terms only, P60 at all other times.</li> </ul>

c) Change Adelaide Road and surrounding side streets from John/ Riddiford Street intersection to the Basin Reserve at Rugby Street.

- Install a separated bike lane on the east side of Riddiford connecting to the
  existing section, extending it from the Hospital carpark entrance to the John
  Street/ Adelaide Road intersection. Removing six P15 Monday Sunday 8am –
  5pm, P30 at all other time parks and one P10 loading zone park.
- Install a P10 loading Zone, overnight 7pm-7am only park on the east side of Riddiford Street near the John/ Adelaide Road intersection.
- Install a separated bike lane on both sides of Adelaide Road. Extending on the
  west side of Adelaide Road, from Hospital Road to the Basin Reserve at Rugby
  Street and on the east side of Adelaide Road from the John Street/ Adelaide
  Road intersection to the Girton Terrace intersection.
- Resolve a 33-meter section of shared path on the western side of Adelaide
  Road at the Rugby Street intersection to connect people on bikes to the toucan
  crossing to access the Basin Reserve or to connect to the separated cycle
  facility up Rugby Street to Tasman Street.
- Removing from the west side of Adelaide Road, 23 Coupon parking spaces
   9am-6pm Monday Friday, 13 P60 parking spaces and three P30 parking spaces.
- Removing from the east side of Adelaide Road 27 Coupon parking spaces 8am-4pm Monday Friday and two P30 Loading zone spaces.
- Alter two coupon parking spaces on the north side of Drummond Street near the Adelaide Road intersection to two P10 parking spaces.
- Alter two unrestricted parking spaces on the north side of Broomhedge Street near the Adelaide Road intersection to a 8am-3pm P10 Loading Zone Monday-Friday, and P120 parking spaces all other times.
- Alter two coupon parking spaces on Douglas Street near the Adelaide Road intersection to two P120 parking spaces.
- Install 24/7 bus lanes on both sides of Adelaide Road. Extending on the west side of Adelaide Road from the Riddiford Street / John Street intersection to the Basin Reserve at Rugby Street and on the east side of the road from Hospital Road to the Basin Reserve at Rugby Street.
- Remove the existing bus stop no.7016 on Adelaide Road outside no. 148 near the intersection of Hospital Road.
- Remove the existing bus stop no.6016 on Adelaide Road outside no. 179 near the intersection of John Street/ Riddiford Street.
- Relocate the existing bus stop no.7015 on Adelaide Road outside no. 80 to outside no.114 near the intersection of Drummond Street.

d) Change Kent and Cambridge Terrace and surrounding side streets from the Basin Reserve to the Waterfront at Cable Street.

- Resolve a 40-meter section of shared path from the Basin Reserve entrance at Buckle Street to the first turn around bay between Kent and Cambridge Terrace.
- Install a bi-directional bike lane against the median island along Cambridge
  Terrace from the Basin Reserve to the Courtenay Place intersection, crossing
  there over to the eastern kerb line on Kent Terrace to the eastern kerb line
  until it reaches the waterfront at Cable Street, Oriental Parade intersection.

- Resolve a shared path on Cable Street and Oriental Parade, connecting the Newtown to city bike lane to the Oriental Parade bike lane and the Wellington Waterfront shared zone that currently ends at Barnett Street.
- Alter the existing bus lane on Cambridge Terrace from Barker Street to Courtenay Place from 7am-9am Monday – Friday to 7am-9am and 4pm-6pm Monday – Friday.
- Install a "No Right Turn" from Cambridge Terrace to Pirie Street at the Vivian Street intersection.
- Remove 44 metered parking spaces along the east side of Cambridge Terrace and 12 taxi stand spaces.
- Alter nine P60 parking spaces on the west side of Cambridge Terrace between Barker Street and Fifeshire Avenue to six P10 loading zone spaces and three metered parking spaces.
- Alter two metered parking spaces on the west side of Cambridge Terrace near Alpha Street to taxi stand spaces.
- Alter the existing P10 loading zone on Cambridge Terrace near Alpha Street to Bus layover parking 7am-9am, 3pm-7pm Monday – Friday, P10 loading all other times.
- Alter the bus lane on the eastern side of Kent Terrace from Elizabeth Street to the Basin Reserve from 4-6pm Monday – Friday to 7am- 9am and 4pm-6pm Monday – Friday.
- Install eight metered parking spaces on the western side of Kent Terrace against the two closed turn around bays between Kent and Cambridge Terrace.
- Alter three metered parking spaces on the eastern side of Kent Terrace outside no.16 to three taxis stand parking spaces.
- Remove two bus parking layover spaces on the west side of Kent Terrace near the intersection of Courtenay Place.
- Remove four metered parking spaces on the east side of Kent Terrace outside no.2
- Remove two loading zone parking spaces on the east side of Kent Terrace outside no.2
- Remove two metered parking spaces on the west side of Kent Terrace at the intersection of Oriental Parade.
- Remove three metered parking spaces on the east side of Oriental Parade slip lane near the intersection of Cable Street.
- Remove four residents parking spaces on the west side of Oriental Parade slip lane near the intersection of Cable Street.
- Alter the existing five metered parking spaces on the east side of the Oriental Parade slip outside no. 60 to five residents parking spaces.
- Alter two P60 parking spaces on the east side of Roxburgh Street near the Majoribanks Street intersection to two P30 Loading Zone spaces.
- Alter two loading zone spaces on the west side of Roxburgh Street near the Majoribanks Street intersection to two P60 parking spaces.

	T
Impact	Net parking impact:      Removed of 54 courses parking changes.
	- Removal of 54 coupon parking spaces
	- Removal of 42 metered parking spaces.
	- Removal of 53 time restricted parking spaces.
	- Removal of 10 taxis stand parking spaces
	- Addition of three loading zone parking spaces
	- Additional one residents parking space.
	The Newtown to city route is part of the southern connection from Island Bay
	and will make it safer for many more people to bike/scoot between Wellington
	Hospital and the waterfront. New bus lanes and extended hours will also mean
	quicker journeys for people taking the bus.
	With bike and bus trips made safer, faster and easier this project will provide
	improved transport options between Newtown and the City, freeing up space
	for people who need to drive.
Location – where we	Riddiford Street, Adelaide Road, Cambridge and Kent Terrace, Newtown– from
propose to make the	Mein Street intersection outside Wellington Hospital to the Wellington
change	Waterfront
How this relates to the	This route is a key transport route and is therefore prioritised for the safe and
parking policy	efficient movement of people and goods. With significant urban development
	planned along this corridor, more efficient use of street space along this route
	is critical to provide transport choices for existing and new residents that will
	be living in this area.
	These changes have been designed to facilitate a shift to using active (e.g.,
	Walking and cycling) and public transport through parking management and
	the re-allocation of road space
	A parking management plan was undertaken to inform the design of these
	changes and feedback from the community has subsequently been
	incorporated into the proposed parking changes
	As outlined in the Parking Policy 2020, short term and residents parking has
	been prioritised over commuter parking which is the lowest priority for road
	space allocation.
Additional Information	This Newtown to City project is a key initiative to deliver on several strategic
	outcomes for the city, including the Bus Priority Action Plan, The Spatial Plan,
	Te Atakura and Paneke Poneke plan for a citywide network of connected
	bike/scooter routes.
	The improvements are being made using lower cost, adaptable materials that
	can be tweaked based on public feedback, and data, once these initial
	installations are in place.
	Designs were developed by technical experts and with input from a technical
	working group to ensure the project delivers on its objectives without
	compromising road safety, within a constrained road corridor. Engagement
	with key stakeholders and the community happened in parallel and resulted in
	design tweaks. Over 1200 pieces of design feedback have been considered to
	date.
	uate.

	The objectives of this project are to:
	- Increase the percentage of people travelling along these streets on bikes and
	buses
	- improve the safety and perceived safety of people walking and cycling,
	- improve the diversity of people involved in the consultation process and
	travelling by bike
	- decrease the time taken to deliver strategic transport projects.
	The Bus Priority Action Plan identified there are over 10,0000 bus passengers
	on this route daily. Extensive delays are experienced along Riddiford and
	Cambridge Terrace with bus stop to stop speeds reduced to 10-20km/hr at
	times.
	This has been confirmed as the Mass Rapid Transit route for Let's Get
	Wellington Moving and the programme will be delivering transformational
	change in the future. Community feedback and insights gathered on these
	proposed interim improvements will feed into future design processes.
	This project is part of delivering a connected bike route to Island Bay, and
	interim improvements on the next section of the route are likely to commence
	planning work later in the year.
	Baseline data collected along this route indicates that there are currently 1090
	trips made per day by bike along this route. A baseline survey indicated that
	70% of people felt this route does not currently provide for active modes.
	Averages daily bus passenger number – 10,000+ (Newtown to city).
	Average daily traffic count - Cambridge Terrace 11,481, Adelaide 22,017,
	Riddiford 20,260.
	Average daily cycle count – 1090  Approach parking revenue impact. Jose of \$5.22k.
	<ul> <li>Annual parking revenue impact - loss of \$532k.</li> <li>194 crashes have been recorded in police crash database in the last 5 years. 18</li> </ul>
	were involving people on bikes and 13 involved people walking.
	To view an electronic copy of the report will be available on the Council's
	website from 9.00am Thursday 11th August 2022 at
	transportprojects.org.nz/newtown or you can call (04) 499 4444 and we will
	send one out to you.
	For more information about this projects, including the background documents
	to this proposal, visit <u>www.transportprojects.org.nz/newtown</u>
Feedback	If you would like to provide us with specific feedback, which will be added to
	the Traffic Resolution following consultation and made public in full, you can
	do so by filling out an online submission form, downloading a printable
	submission form on transportprojects.org.nz/newtown or emailing us at
	newtowntocity@wcc.govt.nz
	Please note if you are giving feedback the consultation period opens at 9.00      Thursday 11th August 2022 and finishes at 5.00 pm Wednesday 21st
	am Thursday 11th August 2022 and finishes at 5.00 pm Wednesday 31st August 2022.
	What we do with your personal information:
	All submissions (including your name, but not contact details) are provided in
	their entirety to elected members and made available to the public on our
	website and at our office. Personal information (including contact details) will
	also be used for the administration of the consultation process including

Absolutely Positively **Wellington** City Council

Legal Description (Amended following Planning and Environment Committee on Sept 23 2022):

<u>Add</u> to Schedule I (Cycleway) of the Traffic Restrictions Schedule

Column One	Column Two	Column Three
Riddiford Street	Cycleway, at all times	East side, commencing at its intersection with Adelaide Road (Grid coordinates X= 1,748,840.4m Y= 5,425,603.0m) and extending in a southerly direction following the eastern kerb for 399.44 metres.
Riddiford Street	Cycleway, at all times	West side, commencing 8 metres north of its intersection with Hall Street (Grid coordinates X= 1,748,908.4m Y= 5,425,207.8m) and extending in a northerly direction following the western kerb for 252.80 metres.
Adelaide Road	Cycleway, at all times	East side, commencing 5 metres south of its intersection with Girton Street (Grid coordinates X= 1,748,979.2m Y= 5,426,158.3m) and extending in a southerly direction following the eastern kerb line for 567.16metres.
Adelaide Road	Cycleway, at all times	West side, commencing 142 metres south of its intersection with John Street (Grid coordinates X= 1,748,826.0m Y= 5,425,617.5m) and extending in a northerly direction following the western kerb line for 521.36 metres.
Cambridge Terrace	Bi-diretional Cycleway, at all times	East side, commencing 43.1 metres north of its intersection with Buckle Street (Grid coordinates X= 1,749,067.0m Y= 5,426,471.2m) and extending in a northerly direction following the eastern kerb line for 576.82 metres.
Kent Terrace	Bi-directional Cycleway, at all times	West side, commencing at its intersection with Courtenay Place (Grid coordinates X= 1,749,360.0m Y=5,427,058.3m) and extending in a southerly direction following the western kerb line for 30 metres.
Kent Terrace	Bi-directional Cycleway, at all times	East side, commencing at its intersection with Majoribanks Street (Grid coordinates X= 1,749,381.9m Y=5,427,069.9m) and extending in a northerly direction following the eastern kerb line for 183.38 metres

<u>Add</u> to Schedule B (Class restricted) of the Traffic Restrictions Schedule

Column One	Column Two	Column Three
Riddiford Street	Bus lane, at all times. Lane may be used by bicycles, motorcycles, emergency vehicles, traffic enforcement, 'in-service' taxis, and any vehicle for 50m turning into or out of a side street or property.	West side, commencing 58 metres north of its intersection with Hall Street (Grid coordinates X= 1,748,908.4m Y= 5,425,207.8m) and extending in a northerly direction following the western kerb for 319.61 metres.
Adelaide Road	Bus lane, at all times. Lane may be used by bicycles, motorcycles, emergency vehicles, traffic enforcement, 'in-service' taxis, and any vehicle for 50m turning into or out of a side street or property.	East side, commencing at its intersection with Rugby Street (Grid coordinates X= 1,749,013.9m Y= 5,426,271.7m) and extending in a southerly direction following the eastern kerb line for 433.95 metres.
Adelaide Road	Bus lane, at all times. Lane may be used by bicycles, motorcycles, emergency vehicles, traffic enforcement, 'in-service' taxis, and any vehicle for 50m turning into or out of a side street or property.	West side, commencing at its intersection with John Street (Grid coordinates X= 1,748,826.0m Y= 5,425,617.5m) and extending in a northerly direction following the western kerb line for 625.48 metres.
Cambridge Terrace	Bus lane, 7am-9am, 4pm-6pm Monday – Friday	West side, commencing at its intersection with Barker Street (Grid coordinates X= 1,749,124.3m Y= 5,426,587.1 m) and extending in a northerly direction following the western kerb line for 439.6 metres.
Kent Terrace	Bus lane, 7am – 9am, 4pm-6pm Monday – Friday	East side, commencing at its intersection with Elizabeth Street (Grid coordinates X= 1,749,293.5m Y= 5,426,873.8m) and extending in a southerly direction following the eastern kerb line for 406.31 metres.

Cambridge Terrace	Bus layover, 7am-	West side, commencing 35.9 meters south of
-	9am, 3-7pm Monday	its intersection with Courtenay Place (Grid
	– Friday	coordinates X= 1,749,333.2m Y=
		5,427,058.7m) and extending in a southerly
		direction following the western kerb line for
		32 metres.
Riddiford Street	Buses and Cyclist may	Riddiford Street northbound left-hand lane
	go straight ahead	at the Adelaide Road intersection. (Grid
	from left lane	coordinates X= 1,748,829.6m Y=
		5,425,585.1m)
Cambridge Terrace	Taxi Stand, at all	West side, commencing 34 meters north of
	times	its intersection with Tennyson Street (Grid
		coordinates X= 1,749,271.7m Y=
		5,426,912.5m) and extending in a northerly
		direction following the western kerb line for
		12 metres. (2 parallel parking spaces)
Kent Terrace	Taxi Stand, at all	East side, commencing 54 meters south of its
	times	intersection with Majoribanks Street (Grid
		coordinates X= 1,749,381.9m
		Y=5,427,069.9m) and extending in a
		southerly direction following the eastern
		kerb line for 18 metres. (3 parking spaces)
Riddiford Street	Loading Zone, P10	East side, commencing 28 metres south of
	7pm-7am Monday -	its intersection with John Street and
	Sunday	Adelaide Road (Grid coordinates x=
		1748841.0 m, y= 5425600.3 m), and
		extending in a southerly direction following
		the eastern kerb line for 8 metres.
Cambridge Terrace	Loading Zone, P10 at	West side, commencing 11.5 metres north
	all times	of its intersection with Barker Street (Grid
		Coordinates X=1,749,125.4m,
		Y=5,426,586.6m) and extending in a
		northerly direction following the western
		kerb line for 30 metres. (6 parallel parking
Daybyyah Ctuast	Landing Zana D20 at	spaces)
Roxburgh Street	Loading Zone, P30 at all times	North side, commencing 5 metres
	un unies	northeast of its intersection with
		Majoribanks Street (Grid Coordinates X=
		1,749,444.8 m, Y= 5,427,041.2 m) and extending in a northerly direction following
		the western kerb line for 12 metres. (2
		parallel parking spaces)
Broomhedge Street	Loading Zone, P10,	North side, commencing 5 metres east of its
broomineage street		intersection with Adelaide Road (Grid
	8am-3pm Monday –	· ·
	Friday	coordinates X= 1,748,923.3m Y=
		5,425,937.1m) and extending in an easterly
		direction following the northern kerb line for
		12 metres. (2 parallel parks)
