

PROPOSED TRAFFIC RESOLUTION

Absolutely Positively
Wellington City Council

Me Heke Ki Pōneke

Reference: TR31-18

Location: Thorndon Quay between Davis Street and Mulgrave St

Proposal: Cycle lanes and associated parking changes

Information: Wellington City Council (the Council) is working to make cycling safer and more convenient for people travelling on bikes. Over recent years, the Council has committed a significant amount of capital funding to cycleway development through its Long Term Plan and Annual Plan processes. The investment aims to contribute towards cycling becoming “safer and more convenient” by increasing the level of service for people who ride bikes and to encourage more people to cycle.

There is a desire to create a better connection between the Hutt, northern and western suburbs to make it safer and easier for people on bikes. The Lets Get Wellington Moving project is investigating an opportunity to explore the long-term aim to have better walking and biking facilities closer to the harbour.

As a low cost interim solution, on-road cycle lanes are proposed on Thorndon Quay between Davis Street and Mulgrave Street. Further work to make Thorndon Quay safer for people on bikes is possible in the future, but at this stage we are not proposing more significant changes until it is clearer how the transport corridor between Kaiwharawhara and the city may change.

This report seeks approval to add cycle lanes to both sides of Thorndon Quay between Davis Street and Mulgrave Street, and the required alterations and additions to parking and traffic lanes.

The following changes are proposed:

- Convert all angle parking on the east side of this section of Thorndon Quay to short-stay parallel parking;
- Convert all long stay parking to two hour parking;
- Mark cycle lanes on both sides of the road;
- Remove parallel parking on the east side of Thorndon Quay adjacent to Freedom Furniture; and
- Amend traffic lanes and median markings to accommodate changes above.

Key Dates:

- 1) Advertisement in the Dominion Post Newspaper 20 February 2018
- 2) Feedback period closes 19 March 2018
- 3) If no objections received report sent to City Strategy Committee for approval 19 April 2018
- 4) If objections are received, further consultation, amendment/s, or proceed with explanation as appropriate
